

What is EA Family Services?

EA Family Services (EA) is a private, 501(c)3 non-profit foster family agency that offers a variety of residential services to children and young adults, 0-24 years old, who have experienced neglect and abuse. In addition to traditional foster care, EA provides Intensive Services Foster Care (ISFC), Short Term Residential Therapeutic Programs (STRTP) and Transitional Housing Programs (THP).

Our Programs

⇒ 0-18 yrs old	Foster Care ISFC STRTP
⇒ 18-21 yrs old	THP+FC
⇒ 16-18 yrs old	THPP
⇒ 21-24 yrs old	THP Plus

Our Philosophy

Relationships matter! It is our belief that positive relationships precede positive outcomes. The founders of EA (Environmental Alternatives) observed that marked change often occurs when there is an alteration in the home environment. EA's position is to promote positive relationships between youth and foster parents, birth or adoptive parents, and others with a vested interest in the youth's wellbeing. The more positive relationships our youth have, the more likely they are to succeed.

EA FAMILY SERVICES

OCA: 185002587, et.al.

THP+FC PROGRAM

Eligibility

Our Transitional Housing Program + Foster Care is a placement option for any young adult, 18-21 years old, who is AB12 eligible and maintains one of the following criteria throughout the program:

- ◆ Enrollment in high school or equivalent program (GED)
- ◆ Part-time enrollment in college or a vocational school
- ◆ Scheduled work of 80 hours per month
- ◆ Participation in an employment program
- or
- ◆ Inability to complete the above due to a medical or mental health condition

Housing Options

Once approved, EA will help clients identify and apply for housing, and assist with moving.

◆ Host Home

This is a great option for clients needing more support and oversight, or clients wanting to live with a former foster family or a family friend. Clients reside in a family home, receive life skills training, mentoring and help achieving goals.

◆ Remote Site

Clients will live independently; alone or with approved roommates. EA is included on leasing contracts.

Program

Counties should contact an Intake Coordinator at placements@ea.org to refer young adults. Once program approval is granted and housing secured, clients begin receiving a bi-monthly stipend.

EA will advance the housing deposit, provide a move-in kit and temporarily pay rent on behalf of clients, as needed. Move-in kits have necessary household items to get clients started. After six months in program, only 50 percent of the kit cost has to be repaid. EA deducts a small amount from each check to repay all upfront costs. The goal is to support our clients in becoming more independent by eventually paying rent on their own.

For additional information about our THPP or THP Plus programs, please contact placements@ea.org

www.ea.org

The EA Difference

EA provides support and direction to help our clients develop independence by offering the following services:

- ◆ Weekly case management
- ◆ Mentoring services
- ◆ Life skills training
- ◆ Money management training
- ◆ Educational advocacy

- ◆ Job readiness training
- ◆ Employment and community resources referral
- ◆ Relationship support with family and community members
- ◆ Roommate mediation
- ◆ Transportation assistance
- ◆ 24-hour crisis intervention
- ◆ Other supports as needed
